The annual student exhibition, "URBAN LANDSCAPE ARCHITECTURE" is a cherished tradition organized every year. Its primary objective is to introduce and promote the distinctive attributes of universities offering courses in landscape architecture and architecture planning. Furthermore, it is dedicated to enhancing the intellectual, technical, and artistic abilities of undergraduate students. This event serves as a platform to facilitate the exchange of ideas and aims to disseminate their work to a broader audience.

This year's edition is scheduled for October 10, 2023, and took place at the "Khatan Tuul" Theater of the Mongolian University of Life Sciences. It was organized in collaboration with Nirma University (NU) of the Republic of India and the National University of Mongolia-Khovd branch (KHU) as part of the URGENT project funded by the European Union.

EXHIBITION OBJECTIVES:

The exhibition is driven by the following objectives:

- To foster free thinking, skills, artistic expression, and academic growth among students specializing in architecture and planning.
- To encourage innovative approaches in the field and to promote the dissemination of policies and concepts that define the realm of landscape architecture planning.

THEME OF THE WORK:

The content is framed within the theme of "SPATIAL SOLUTIONS FOR NATURE-BASED LANDSCAPE ARCHITECTURE AND PLANNING", as part of the international conference "Urban Landscape Architecture-2023".

Google site of the "Urban Landscape architecture-2023" International conference: You can access the following links for the conference details.

<https://sites.google.com/muls.edu.mn/urban-landscape-architecture/home>

This year, a team of professors from Mongolian University of Life Sciences, National University of Mongolia-Khovd, Nirma University, India worked as judges (Figure 3). When evaluating the best student work presented in the joint exhibition, the evaluation was based on five main questions. Each criterion was worth 10 points, and the participants received a total of 50 points based on the total score given by the judges.

See Figure 1 for the evaluation sheet for the judges who will evaluate the best student work presented in the joint exhibition.

PARTICIPATION OPPORTUNITIES:

Participation is open to 3rd and 4th-year undergraduate students enrolled in universities that offer Landscape architecture, and architecture and planning programs. Interested participants are required to access the following link, completed the application form, and submitted it by October 2, 2023.

https://docs.google.com/forms/d/e/1FAIpQLSexE6lBaMq-dQLkFnahQUGvHuzbXxSTK4xtiRKWR4KfuXlOQQ/viewform?fbclid=IwAR064v1GPq8VBBc4PmsFsXrzUCCMVnl88_gr2JKMynkLUUowpfrTSP7pOaI

Co-funded by the
Erasmus+ Programme
of the European Union

In this joint exhibition of the best works of students, the best works of 10 students from Nirma University, 4 from National University of Mongolia-Khovd branch and 10 students works from Mongolian University of Life Sciences, totally 25 best student works (posters) were displayed at the exhibition (Appendix 1).

REQUIREMENTS FOR WORKS TO PARTICIPATE IN THE EXHIBITION:

The submitted work had to align with the theme of the exhibition. Participants had printed out their work in the 80/180 format, following the guidelines provided in the below (Figure 2).

Each participant was required to submit a 5-minute video in English explaining the innovative aspects of their work. The video could have been uploaded to a YouTube channel, and the link should have been emailed to batzaya@mul.edu.mn. Submissions for the exhibition were accepted until October 7, 2023.

For inquiries, participants were advised to contact the reception teacher, E.Batzaya, at phone number 89111102.
