

# URGENT IMPACT

Co-funded by the  
Erasmus+ Programme  
of the European Union

Hello! I am Sadaf Fayaz Phd 2nd Year student and I have been participating in Urgent project related programs since my masters. Urgent project has helped me a lot in shaping and developing my personality. It has enabled me to have understanding of nature based solutions and environment in general for the better living. My interest in nature and green spaces has been amplified after being part of the program's that cater to over all well being of human's and environment. It was wholesome experience to have interactions with teachers and students across different countries and institutions.
