

URGENT IMPACT

Co-funded by the
Erasmus+ Programme
of the European Union

The URGENT project has provided a comprehensive and enriching experience. URGENT project has afforded me a valuable learning experience. Through field visits and trips, I gained first-hand insight into real-world challenges and was exposed to innovative ideas and solutions. I also had the opportunity to familiarize myself with advanced technologies, including drones. Additionally, I engaged in presentations that enabled me to share knowledge and learn from others. Moreover, I formed meaningful connections with fellow participants, and together we developed a shared commitment to making a positive impact. Overall, my involvement in the URGENT project has been a highly enriching experience that has expanded my knowledge and inspired me to achieve more.
