WP4 Development of governance and organisational arrangements

Arjan de Groot reported about the meeting with Mongolia and India Partners.

The next meeting will be held on 22 December 2021.

After it Arjan de Groot will prepare the plan for the next activities and send it to all partners.

WP 6: URGENT dissemination and exploitation

Altansukh Ochir (NUM) presented the current situation with dissemination activities, showing the current status of website, Facebook page and twitter account. Many activities have been organized, despite the Covid difficulties. The number of visitors of website is good but can be increased. The FB is very active with almost 400 members (and still growing). Some Indians Partners indicated past issues in accessing the website that have been now solved.

The Twitter account is having some technical problem.

Decided:

Improve the number of events published in the website. Past events can be retrieved by the FB page while for future events the information should be sent to dr. Altansukh by using the specific template that has been provided.

Due to technical issue and to avoid useless overlapping of information with the Facebook account, the Twitter account will no longer be used.

WP 5: Quality Control

Discussed QA issues.

- External evaluator must be hired in June 2022
- Partners have to submit the Syllabi, TLM, eLearning Presentations and eScience Modules for evaluation.
- The partners must provide access to eLearning modules.
- The EU Partners have to give feedback to the Syllabi, TLM and Elearning Modules.

Deadline 31.05.2022

Partners have to complete student questionnaires after each semester.

Review of Mobility activities for 2022

Discussed the situation with COVID19 pandemic and possibilities of life meetings/trainings.

Decided: The situation becomes again very uncertain. Wait till February 2022, monitor the current situation with the rules for country entries and try to use each possibility for mobility.
